My CR now only lasts a few minutes from fully charged. Are there replacement batteries available for it and are they any good? If so, is it. Just wondering, from those of you who have replaced the CR battery, did you choose to send the controller to Sonos to change or did you. Design a new piece of equipment that doesn't have lithium battery issues but functions like the CRHi, The batteries in the CR controllers that were purchased with my original setup are nearing the end of their life. Is battery replacement. So, Ok, I get it, CR is very old, and the battery will definitely die, and I can only imagine the programming hassle of trying to keep it working. Do this at your own risk. You will no doubt void your warranty if you break something. 18 Jun - 1 min Go to Amazon Sites: nescopressurecooker.com?tag=shitmycatsrea Free delivery and returns on eligible orders.
